ASTIGMATISM.

What it Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Offices hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

THE BALL STARTED.

Now Let Everybody Unite in Earnest For the Gala Week.

There was a fairly good attendance at the meeting of the central committee of the North Carolina Firemen's Tournament and Greensboro Industrial Exhibit, at the court house last night. President J. Van Lindley presided, and made a short address, which showed that he is the "right man in the right place." Talks were also made by Chas. H. Ireland, Mayor Taylor, W. J. Blackburn, R. D. Douglas, H. J. Elam, and others, emphasizing the great importance of every citizen getting down to business in earnest to make the occasion not only one of pleasure to the visitors, but one of lasting benefit to the city of Greensboro.

To carry out the plans mapped out by the various committees will require some money, which must be raised by popular subscription. Every man in the city can do something. It is a Greensboro undertaking. It does not belong to any one man or set of men, and no one man will alone be the beneficiary. The great body of citizens interested here should move as one man with the idea paramount to all others that Greensboro shall not take a back seat. Every man should feel that he has an individual interest in the matter and contribute accordingly. All eyes are on Greensboro, and Greensboro should dress herself up "fit to look at."

Other vital questions have demanded the time and attention of our citizens the past few months; but now that only three months remain in which to prepare for the coming great event, let the decks be cleared for action. Let action begin at once. Sidetrack everything in which our people find the slightest cause for division of thought or opinion. We all love our homes and our home city. We can all unite in an earnest, honest effort to inaugurate and push forward to a greater era of industrial activity.

The iron is hot,
And now is the time to strike.
Let everybody strike.

RADFORD-MT. AIRY.

Proposition to Connect Them By Railway Again Considered.

Yesterday's Roanoke Times contained a half column article concerning the proposed construction of a railroad from Mt. Airy, N.C., to Radford, Va., a distance of forty miles. Such a road would traverse one of the richest mining districts in the world. Though the Norfolk & Western will probably construct the line it will be due to the efforts of the owners of the big mines and iron furnaces of that region.

The connection by rail, of Mt. Airy and Radford, will be the realization of the hopes of the officials of all the railways of northern Carolina and southern Virginia. It was the burning desire of former President Gray, of the old C. F. and Y. V. to extend that line to the coal and iron fields of Virginia, but he died without carrying his plans to success. The Norfolk & Western tried to reach Mt. Airy but found it impossible to traverse the mountains by the chosen route.

If the line is now constructed, it will be of inestimable value to Greensboro. Connecting it with the main line of the Norfolk & Western and giving it almost a direct line with the northwest, it greatly improves her splendid railway facilities. Further, the large amount of coke brought here to the Empire Steel and Iron Company, from the section around Pocahontas, could then come by a more direct route.

AT GUILFORD BATTLE GROUND.

Preparations Being Made For The Grand Celebration on July 4th.

Editor Telegram—The Battle Ground has about donned its beautiful garb of spring. The new dresses of the young maples are fresh and green as nature produces, and the breezes above and the waters beneath are pure and healthful as ever blessed a noble hill country. Judge Schenck, now upon the grounds, has about finished the repairs made necessary by the winters rains, cleaned up generally and will soon be ready for the visitors of the big 4th. Am delighted to report that the A. & Y. railroads promises the same liberal and fostering course towards the grounds as that pursued by the old C. F. & Y. V. Good men will be with us and we will have a rousing time on the coming 4th of July. Many reasons will present themselves to the thoughtful reader why this great annual celebration should never be allowed once to fail.

The Bachelor Girls were delightfully entertained yesterday afternoon by Miss Mabel Kase, at her home on Arlington street. Among the number of games played was a guessing contest, which was thoroughly enjoyed by the young ladies, with their thinking caps on. Miss Julia Settle carried off the honors of the afternoon, winning the prize—a most exquisite cup and saucer.

SAN FERNANDO OCCUPIED

By The American Forces To-day Without Loss.

REBEL GENERAL LUNA WOUNDED

Brigadier-General Funston, an American, Also Receives a Slight Wound in the Hand.

By Cable to the Telegram

Manila, May 5—Detailed reports of the work of Lawton's expedition show that harder fighting took place the early part of this week than earlier accounts indicated. The attack upon San Rafoel by the American forces met with a heavy fire from a large number of rebels concealed in the jungle on all sides. Only by the adoption of tactics of Indian fighting in the United States—every man for himself—saved the division from great loss. Lawton, as usual, was at the head of our line with his staff.

The insurgent leaders, Gregorio and Pio Del Pilos, with eight hundred men in Balinag, retreated when Lawton approached. Chief Scout Young, with eleven men, entered Balinag ahead of the army and rang the church bells announcing they had taken possession of the city. When Lawton's forces were attacking in force outside of Balinag, women and children were seen in the trenches. Captain Case and party with a white flag displayed, approached the insurgents and asked that the non-combatants be removed. When within five hundred yards of the trenches our truce-bearers were fired upon.

GEN. LUNA WOUNDED.

Manila, May 5—Gen. Luna, commanding the Filipino forces opposing McArthur's advance, was wounded in the fighting yesterday in the vicinity of Santo Tamas.

San Fernando, which the rebels boasted was a stronger position than Calumpit, was captured by our troops today. The natives set fire to the city before abandoning it. Brigadier-General Funston received a slight wound in the hand.

INEFFECTUAL DEMONSTRATION.

Manila, May 5—The rebels south of Manila attempted to rush through our lines last night. The attempt failed but the rebels maintained a fusilade of musketry on the Fourth infantry for several hours. The demonstration was ineffectual beyond scaring the inhabitants at Malote. The outposts of the Idaho and California regiments beyond San Fernando were also attacked during the night.

DRIVEN TO THE MOUNTAINS.

Washington, May 5—Otis cables that the value of the subsistence captured from Malolos will reach a million and a half dollars. Great results are expected from Lawton's sweeping march northward, and it is confidently expected by the war department that such insurgents as are driven to the mountains will be cornered there and effectually cut off from receiving supplies.

SAN FERNANDO OCCUPIED.

Manila, May 5—General McArthur advanced today and occupied San Fernando without loss.

MONADNOCK IN ACTION.

Manila May 5—The monitor Monadnock is bombarding the town of Paranque this morning.

The Town Raked Clean.

By Wire to THE TELEGRAM.

Wallace, May 5—Practically all the men have been taken from this town to Wardner, either as prisoners or witnesses. Troops A and C, of the Fourth cavalry, dismounted and made arrests. Arrests began as soon as the troops arrived from Burke. As fast as the men were found they were herded in the street and put under guard. Many were taken from their beds. The special train which left from Burke carried nearly every man from the town, twenty soldiers being left as a guard. The mountains are full of fleeing men. The old Gliddon road, the only way leading out, is lined with men.

A large crowd of people are in town today to attend the commencement, and for the lack of space today we will give a better description of it tomorrow.

On account of the large amount of shipping done at this place, it has become necessary to put a shifting engine here. An engine was sent up from Greensboro to attend to this work and to make extra trips to Asheboro, as there has been more freight down the Asheboro road than the regular train could bring up. Mr. F. R. Jeffress is engineer and Mr. A. E Burns is yard master. Mr. Jim Reid has succeeded Mr. Burns as baggage master on the Asheboro train.

Mr. C. T. Westmoreland and Mrs. Minnie C Farrell were married here yesterday afternoon at 4 o'clock, Rev. J. W. Goodman officiating.

TO REBUILD HAMPTON'S HOME.

A Commendable Movement Now Under Way in South Carolina.

Charleston, S. C., May 4—The burning of General Wade Hampton's house, at Milwood, near Columbia, Tuesday night, excites warm sympathy throughout the state, and a conference has already been held here to take immediate steps towards rebuilding the burned home. The sentiment of loving regard for General Hampton is universal throughout the state, and it appears that the desire that it shall take practical shape is not confined to Charleston.

One hundred dollars was raised in Darlington today in a few minutes, for the purpose of rebuilding Hampton's home and probably every county in the state will follow Darlington's example in less than a week.

AN EXTRA SESSION OF CONGRESS.

It is Believed That the President Will Convene It in October.

Washington, May 4.—There is a growing belief among prominent members of Congress that the President will call Congress to meet in extraordinary session this fall, probably early in October. The questions which will come before the next Congress for settlement, including as they do everything growing out of our possessions acquired as a result of the war with Spain and the general legislation, including that relating to currency reform, the Nicaraguan Canal, merchant marine, etc., are of such great importance that the President is inclined to regard it as advisable that congress should meet earlier than the regular session in December, in order to get the work under way.

McKinley to Pass Through.

President McKinley is suffering from a slight attack of rheumatism, and will leave Washington next Monday for Hot Springs, Ark, where he will spend a short time. He will probably pass through Greensboro.

THE RICHMOND CONVENTION

To Discuss New Plan of Electing U. S Senators to Meet Soon.

SENATOR DANIEL OPPOSES IT

Assistant Attorney General Boyd, Mrs. Capt. Coghlan and Others Visit Wilmington.

Special to THE TELEGRAM.

Washington, May 5—For the past few days several prominent Virginia democrats have assembled in Washington. Among the leaders are Senators Daniel and Martin, and Representatives Lamb, Rixey, Jones, Hay, Swanson, and Epes, besides many lesser lights of the democratic party in the Old Dominion. The presence of these distinguished Virginia leaders in Washington, on the eve of the assemblage of the much heralded Richmond "convention," which will meet in a few days for the purpose of agitating a change in the method of nominating and electing United States senators, has naturally given rise to considerable speculation and gossip. While several of the distinguished democrats, headed by Congressmen Rixey, Jones, and Lamb, who are promoters of the coming gathering at Richmond, are here for the purpose of pushing the Richmond convention, the chief cause which has brought the two senators and their personal following to Washington is for the object of consulting with the republican leaders of the state relative to the distribution of the supervisors of the census for the state of Virginia.

It is understood that both Senator Martin and Daniel, as well as a number of their friends in the Virginia delegation, who are opposed to the proposed agitation, will go to Richmond, and will be in that city during the meeting, but they will, of course, take no part nor have anything to do with the convention.

In addition to the senators and representatives, several other distinguished Virginians are in the city, among them being Judge Marshall, of Portsmouth; Judge Christian, of Richmond; Judge Quarles, representative-elect, and many others. Several of the Virginians will leave Washington for Richmond by Saturday night. It is said that nearly the entire congressional delegation will be in attendance, although many of them will only go as spectators.

Among prominent southern men in Washington is ex-Governor Rufus B. B. Bullock, of Georgia, who is stopping at the Arlington hotel. The ex-Governor says that the condition of Georgia, and other southern states at this time is first-class, and he believes that it will continue so for some time. In speaking of political matters the ex-governor says that he believes that there will appear in the south more opposition to the renomination of Col. Bryan than has been supposed existed. The governor is a republican, but has many friends in the democratic party.

Assistant Attorney General Boyd, of North Carolina, accompanied by Mrs. Coghlan, wife of the commander of the Raleigh, and Mrs Heywood and several other prominent North Carolinians, left last night for Wilmington, where they go to take part in the celebration incident to the arrival of the Raleigh at that port. Col. Boyd will probably return to Washington early next week. After the celebration at Wilmington the cruiser will go to Charleston to take part in the Confederate reunion, arriving there, it is said at the Navy Department, on the morning of the 9th instant.

Judge Quarles, who succeeds Representative Yost in the next House, is in the city attending the conference of the Virginia democrats. He says that he is in favor of the election of the United States Senators by the direct vote of the people, but that he will not take any part in the Richmond conference, as he believes that members of congress should not indentify themselves with such movements. The Judge believes that the re-election of Senator Martin, by whatever method is adopted, is assured.

Among those in attendance from this city at the meeting of the North Carolina State Dental Association, at Raleigh is Dr. W. Stuart Carnes. He will be at Raleigh until the latter part of next week.

Acting assistant Surgeon Frank Roberts, who has been stationed in this city has been transferred to Marshall, North Carolina, by the department, to which post he has gone.

The Comptroller of the currency reports his approval of the National Union Bank, of Baltimore, as reserve agents for the Atlantic National Bank of Wilmington, North Carolina.

New postoffices in North Carolina have been established at Brookland, Person county and Propst, Catawba county.

Robert L. Harrill has been commissioned postmaster at Darler, North Carolina.

Mrs. Fannie Caldwell, of Salisbury, R. P. Hollowell, of Elizabeth City and R B. Glenn, of Winston, are among the North Carolina arrivals in Washington.

A FIRMLY-WORDED DEMAND

Sent by Lord Chamberlain to the Transvaal Government.

By Cable to THE TELEGRAM.

London, May 5—The Outlook publishes a special from its Capetown correspondent which states that the British secretary of state colonies, Chamberlain, has dispatched a firmly-worded demand to the Transvaal government to the effect that it must observe its obligations to the queen as the paramount power, by securing peace and order within the republic. This demand is supplementary to the demand for a cancellation of the dynamite concession, and is taken to mean that the British government deems the time has come to invite President Kruger to observe the letter as well as the spirit of the London convention. It is not stated how far the demand takes the form of an ultimatum, or if a period has been fixed within which redress to the grievances of the outlanders shall be made.

PRESIDENT KRUGER'S REPLY.

Cape Town, May 5—The reply of President Kruger to the British demand for a cancellation of the dynamite concession contends that the concession was bona fide and constitutes no breach of the London convention. It is added that the amendment to the concession asked by the British government would be a breach of faith as regards other parties.

GOOD ROADS.

The Fayetteville Observer says:

"The first step towards good roads for Cumberland county was taken Monday by the county commissioners, when they directed a request to the judge of the criminal court then in session, to sentence all convicts to the public roads of the county, and Judge Battle's compliance by so sentencing all convicts at this term, six in number. It is now in order for the commissioners to get convicts from other counties so that a sufficient force may be had. * * * It is the purpose of the county commissioners to work all public roads leading from Fayetteville for a distance of five miles to begin."

It is most gratifying to notice that county after county of North Carolina is awaking to a realization of the immense advantages of goods and the terrible disadvantages and draw-backs of bad roads. The past winter has demonstrated to what fearful commercial injury towns and cities are submitted when their surrounding thoroughfares are but canals of mud and slush and the farmers, who constitute the back-bone of every country, are rendered of really no benefit to the industrial world by reason of their inability to reach market with their products.

There is no doubt that the excellent macadamized roads of Mecklenburg county have done more than any other agency toward the upbuilding of Charlotte, with the exception of her boasted cotton mills.

Money spent on the public roads is a gilt-edged invitation to the farmer to visit town and leave his produce and his money. And when the avenues of Guilford shall have been transformed from their dark-aged ruggedness into modern thoroughfares, our already hustling city of Greensboro will take on an industrial impetus which will remind us that the elements of growth and prosperity of a city are not confined to its corporate limits.

The following is from the Columbus, Ga., Sun:

The surest solution of the lynching problem in the south is left for the negroes themselves to solve. Let them join the whites in hunting down such brutes as was Sam Hose, instead of shielding them and aiding in their escape. Let them ostracise and stamp out such criminals, and lynchings will cease. Let the better element of the race lend their efforts to put an end to the crimes which cause lynchings, and there will be no further repetition of the recent deplorable scenes in Georgia.

This scheme, we think, would have little effect in decreasing the evil. The remedy can only be found in a guaranteed means for a swift and certain retribution to the offender when caught.

Raleigh has passed a compulsory vaccination ordinance, and her citizens are now in the throes through which Greensboro (thank the Lord!) has passed. The capital city has 44 cases of the disease in her pest house, and 103 suspects in the detention camp, and if her epidemic shall cost her in anywhere approaching the ratio which Greensboro's "scare" is billed to cost, her treasury has our keenest sympathy.

We are sorry the noble Raleigh couldn't reach Wilmington because of the insufficient depth of the channel. But she is in North Carolina waters at Southport and there is a large crowd of representative people from all over the state there today bidding the gallant ship, her officers and crew a cordial welcome.

We are pleased that Mr. H. T. Hopkins, of Washington, D. C., has so far recovered his health as to be able to resume his interesting daily letters from the national capital to the Telegram.

We hope the Georgia people will be successful in their efforts to have a law enacted for the prevention of lynching.

It is stated that Aguinaldo is an Irishman. If this be true the skeletons of his fathers must have turned over in their graves many times at his inglorious retreats and the shame that has been brought to his "sprig of a shillalah."

THE RALEIGH AT SOUTHPORT.

Will Not Visit Wilmington Because of Shallowness of Channel.

Wilmington, N. C., May 4—All streets today led to Cape Fear river, to the wharves and piers that from the west side of Water street trended thousands of people anxious to get a glimpse of the war vessel named for North Carolina's capital. "Has the Raleigh been sighted yet?" was the question that they kept asking over and over all the long afternoon, and did not cease asking till far in the night, when it became definitely known that the cruiser arrived at Southport but with this announcement came the disappointing news that the cruiser would not, because of the channel, come to this city at all. Wilmington had turned out en masse to meet and greet the battle-scarred cruiser and her gallant officers and crew and bitter indeed was the disappointment of the waiting throngs when hour after hour went by and still no definite tidings of the warship, then the news that it would never come beyond Southport. Business had practically been suspended. Bunting fluttered from buildings all over the city and shipping along the water front had been decorated with flags. Even tugs and fishing smacks showed a flag of some kind and "Manila," "Dewey" and "Raleigh" were favorite legends for these rippling pieces of bunting to bear.

Every floating craft bore an excursion party to Southport. Early in the day the boats that were to take the mayor, city officials and committees to receive the Raleigh and assist in escorting it up the river had gone down to the river's mouth. The Marion left at 10 o'clock with the navigation committee, consisting of Mr. Jas Sprunt, Capt. E. V. Van Count Lucas and Capt. J. F. Craig, also Col. Murchison with several young ladies. At 11 o'clock the Compton, with a few of the ladies' committee, and the Atlantic Coast Line officials left. The steamer Wilmington left at 12 o'clock with a large crowd. The Italian string band were with them to furnish the music. The Naval Reserves' converted cruiser "Hornet," left at 11:45. The members of the reception committee were on board with their wives, also many of the ladies committee. The "Hornet" had the First regiment band on board. Mayor Powell and party from Raleigh arrived at 2 o'clock. They were met and taken to the Merchants Association rooms, where they welcomed by President W. E. Worth. He expressed regret that he had been unable to hold the boat for them longer, but wanted them to take part in all ceremonies and receptions to the Raleigh and its men and officers. Late in the afternoon the delegation from Raleigh secured the steamer Southport and went down the river about twenty miles, where night came on and they returned, having learned that there was no possibility of the Raleigh coming up tonight. Tommorrow afternoon Capt. Coghlan and other officers of the Raleigh will be brought here and a public reception will be held, probably at the opera house, when it is expected the gun captured at Manila will be presented to the city of Raleigh. The mayor has selected Mr. R. N. Simms to make the speech of acceptance for him. A welcome address by Col. Waddell will be delivered and the response by Capt. Cochlan. The disappointment of the Wilmington people at Capt. Coghlan's decision not to come to this port is very great indeed. To entirely rid himself of any responsibility in the matter, Capt. Coghlan tonight telegraphed the War Department in Washington, setting forth all facts and asking what he should do. The reception committee here has also wired to Washington urging that permission be granted Capt. Coghlan to bring the Raleigh here. They say that vessels of greater draft than twenty feet three inches has come up the Cape Fear. Even if permission is granted to bring the cruiser it cannot reach here before 6 o'clock tomorrow afternoon.—Special to News and Observer.

Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Havel Salve, a thoroughly anti-septic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Howard Gardner.

It is expected that work will soon begin on the big distillery at Louisville, Ky., to fight the Kentucky Whisky Trust.

If you have piles, CURE them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure OTHERS. It will not fail to cure YOU. Howard Gardner.

GRAVES OF CONFEDERATES.

Southern Sentiment Favors Letting the Women Take Care of Them.

Columbia, S. C., May 4.—The suggestion of President McKinley that the graves of confederate soldiers should be cared for by the government in the same manner as those of Union soldiers, has recently been discussed in this state by such organizations as ladies' memorial associations, camps of veterans, sons of veterans, and in each case the sentiments expressed and resolutions have been substantially the same. Action has been taken by these organizations at this time in order to let their position on this subject be known before the Confederate Reunion in Charleston, May 10.

The President, in the resolution adopted, was warmly thanked for the spirit of his suggestion, which is recognized as adding another tie between the North and South, and further obliterating sectional animosity; but caring for the Confederate dead is declared to be the sacred task undertaken by the women of the South.

A Card.

Mr. Editor:—Being anxious for the public to know just what opportunities will be afforded for the purchase of cheap and desirable land at the sale of the Vanbokelin place next Monday afternoon. I beg space enough to say that the management has spent a great deal of time and money in order to get lots in sizes to suit all who expect to buy a nice suburban home and will be greatly surprised if there is not a large crowd of purchasers present when the first lot goes under the hammer at 2:30 p. m. If Greensboro grows and spreads as much in the next five years as she has in the past five years, this property, situated as it is, will bring five times the price it will bring Monday at the sale.

We want to sell rapidly in order to dispose of a large number of lots, and request all purchasers to be on hand promptly.

We do not expect big prices. We have no iron-clad rules and any one who wants to buy can have no excuse.

Very respectfully,
J. F. Jordan.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy, your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Howard Gardner.

The First Warrant Delivered.

New York, May 4.—The first of the four Treasury warrants for $5,000,000, to pay the Spanish indemnity, was delivered today, to President James Stillman, of the National City Bank, by M. Oliver Taigny, secretary of the French embassy, Washington. It is expected that next Wednesday two more warrants will be delivered to the National City Bank, and that the final $5,000,000 warrant will follow some days later.

Frills of fashion are responsible for a good many ruffled tempers.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in ths drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

People who have once taken DeWitt's Little Early Risers will never have anything else. They are the "famous little pills" for torpid liver and all irregularities of the system. Howard Gardner.

Consistency may be a jewel, but you can't palm it off on your girl as such.

To Fortify the Canaries.

Madrid, May 3—The cabinet council today decided to devote 5,000,000 pesetas to strengthing the fortifications in the Canary Islands.

Special consideration was given to a dispatch from General Rios, Spain's principal military representative in the Philippines, expressing his belief that the Washington government will show a conciliatory attitude regarding Spain's claims to the large sums of money the Americans have confiscated in the Philippines, and the council decided that the Spanish finanial commission should remain in Manila to deal with the sums to be restored The minister of finance, Marquis Villaverde, read the budget proposals.

ANOTHER LETTER FROM KAUTZ.

This Time it is Given to the Public by His Brother.

Georgetown, O, May 4—Frederick Kautz, of this city, has received a letter from Admiral Kautz, his brother, in which he recounts some of his recent experiences already told in cable reports from Samoa. By way of information for his brother, the admiral notes that the Berlin treaty provided that in case of the death of the king of Samoa, the chief justice should select his successor. This the chief justice did last August, when the king died, selecting his son, Malietoa. A revolution was started January 1, he says. The letter continues as follows:

"The English and American consuls had to make a compromise and accept a provisional government to stop the war, with Mataafa and three chiefs in charge."

Admiral Kautz then adds: "When I came I said to the American and English consuls: 'You did this because you were too weak to do anything else Now that we are stronger, let us undo the wrong,' and we did.

"I had no idea of doing anything but holding an investigation on what had been done here since January 1, but the German consul-general was arrogant and unreasonable, so that I was obliged to do something or suffer disgrace, even in my own estimation. I therefore concluded to do what ought to be done, and refer the matter to the government later on."

The admiral says he followed instructions literally and has no fears of consequences.

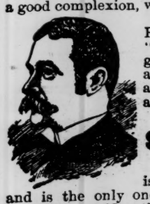
Boils and Pimples Give Warning.

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaxed, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance—a warning that can not safely be ignored.

To neglect to purify the blood at this time means more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to any ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Mrs. L. Gentile, 2004 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S S. S. promptly and thoroughly cleansed my blood, and now I rejoice in a good complexion, which I never had before."



Capt. W. H. Dunlap, of the A. G. S. R. R., Chattanooga, Tenn., writes: "Several boils and carbuncles broke out upon me, causing great pain and annoyance. My blood seemed to be in a riotous condition, and nothing I took seemed to do any good. Six bottles of S S. S. cured me completely and my blood has been perfectly pure ever since."

S. S. S. FOR THE BLOOD

is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from potash and mercury. It promptly purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, Sores, etc., by going direct to the cause of the trouble and forcing out all impure blood.

A Verbal Melee.

Going up on a Cedar avenue car the other night the passengers were much entertained by a verbal spat between a small citizen of German parentage and a tall native. The trouble all originated from the fact that the car was very much crowded, so crowded that the two disputants were brought face to face in such close proximity that they couldn't make a gesture.

"Push up a little, can't you?" inquired the tall man in an irritable tone. Several people were pushing him, and his irritability was quite excusable.

"Vell, no, I can't," replied the little man, "and, vat is more, I don't bef to."

"You're not much of a gentleman," said the tall man.

"Oh, I ton't know!" said the little man airily. "Ven I vant an opinion on chentlemen, I go to some fellow vat has got a leetle knowledge of der subjec'."

"You're a very funny boy," said the tall man in a tone of deep sarcasm.

"Vell," said the little man, "I may haf some senses of humor, but I'm not so hart hearted as to laugh at der foolishness of one idiot."

"Do you call me an idiot?" gasped the tall man.

"As long as I ton't know your name," said the little man, "I couldn't make der identification any more gomplete."

Pretty soon the car stopped to let off half a dozen passengers, and when things finally settled down the tall one and the short one were separated by a dozen seats.—Cleveland Plain Dealer.

Immortality Cranks.

Immortality of fame is something desired by many, but attained by few, says Dr. John Fiske in The Atlantic. Physical immortality is something which has hitherto been supposed to be inexorably denied to human beings. The phase "All men are mortal" figures in textbooks of logic as the truest of truisms. But we have lately been assured that this is a mistake. It is only an induction based upon simple enumeration, and the first man who escapes death will disprove it.

So at least I was told by a very downright person who called on me some years ago with a huge parcel of manuscript, for which he wanted me to find him a publisher. He had been cruelly snubbed and ill used, but truth would surely prevail over bigotry, as in Galilei's case. I took his address and let him leave his manuscript. Its recipe for physical immortality, diluted through 600 pages, was simply to learn how to go without food!

Usually such a regimen will kill you by the fifth day, but if at that critical moment, while at the point of death, you make a heroic effort and stay alive, why, then you will have overcome the king of terrors once for all. I returned the gentleman's manuscript with a polite note, regretting that his line of research was so remote from those to which I was accustomed that I could not give him intelligent aid.

Proud of Her Work.

He looked with forced admiration at the slippers—forced because he already had half a dozen pairs.

"You don't mean to tell me that they are all your own work? What a talented little wife I'm going to have!"

And she smiled, though the plain truth was that she had bought the uppers, paid a man to sole them and then managed to sew the bows on crooked after her mother had made them. Yet she was very proud and really wondered how she had managed to accomplish so much.—Detroit Journal.

Sausage Links.

"Yes," said the yellow dog. "I believe after death we enter into another sphere of action. I think I'll be a golf player."

"How do you figure that out?" queried the black and tan.

"Oh, I'll be in the links."—Philadelphia North American.

Congenial.

"Mike," said Plodding Pete, "did yer hear 'bout Alaska?"

"Lots. Are yer t'inkin of de trip?"

"I dunno. I'm told dat daylight lasts 24 hours at a stretch. Ef I could git a job in dat locality as night watchman, I dunno but I'd be willin to work."—Washington Star.

Children's Sense of Pity.

One of my granddaughters, said the Duke of Westminster, when about 5 or 6 years old, burst into tears on passing a blacksmith's shop, and on her mother inquiring the cause said, "Oh, mummy, they are nailing the donkey's boots on!'

Gotrox—"By the way, Mabel, has that young man declared his intentions yet?" Miss Gotrox—"Why, not exactly, papa. He's been keeping me in the dark." Oh, well, if that's the case you may as well start on your trousseau."

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. A Mother's Duty is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

7 Sutherland Sisters' Scalp Cleaner

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

SOLD BY DRUGGISTS.

At Auction

Monday, May 8, 1899,

At 2:30 O'Clock p. m.

Beautiful Residence Lots, Desirable Land for Truck Farms, Gardens and Fruit Farms. A rare opportunity to secure a tract of land in size and location to suit you, and within the capacity of your pocketbook.

We will offer at public auction at 2:30 o'clock p. m., on Monday, May 8, 1899, a limited number of choice lots in what is known as the Vanbokelin Farm. This body of land lies just north of town and is partly within the city limits of Greensboro. The lots we will offer vary in size from ¼ acre to 10 acres each and will be sold on terms as follows; Cash or one-third cash, one-third in six months and one-third in twelve months, with interest at 6 per cent. per annum on deferred payments.

The sale will begin promptly and the property will be sold rapidly and on its merits and there will be no by-bids. Purchasers will be expected to take their purchases according to the above conditions.

This land, which lies just three-quarters of a mile by road from the court house and is traversed by the fine road recently built to the battle ground, and also by Park Avenue, which has been rendered available by the construction of a substantial wagon bridge across Buffalo creek offers very choice and convenient locations for those who desire a larger lot than can be had for a small investment in the city, and yet be within fifteen minutes walk of their business. These lots are on high land, well drained and command a better view of the city than any other location near town affords. Those who wish to live in town and have a small farm outside should not miss this opportunity as there is no other land so convenient to be offered in this vicinity.

The large blast furnace so long idle has now started with all indications of a prosperous career. This fact, in connection with other contemplated improvements, insures a bright future for this section of Greensboro, and as land here must soon increase rapidly in value, our sale presents a splendid opportunity for the man of small means to secure a profitable investment.

There will be no brass band or speech making at this sale. It will be strictly a business transaction and we want you to come out and buy a lot—it will surely make you a profit—but if you don't want to buy, come out any way and pick spring flowers, breathe the balmy air, see the smoke of prosperity roll out of the stack of the blast furnace and hear the hum of the busy machinery at the finishing mill.

Hacks will leave the court house square for the sale at 1:30 p. m., and all who desire to do so may ride out free of charge.

Further information and plats of the property may be had of

JORDAN, SINCLAIR & M'DONALD
or W. R. LAND.

DON'T FORGET that real estate is the basis of all wealth, and that increasing population causes enhancement in land values. Remember that Greensboro is growing fast and that land cannot be bought next year for what is asked for it now. Don't fool away your opportunities.

Granite For Trimming.

Mr. Fries, who will build the Revolution cotton mill in this city, has placed an order for several hundred dollars worth of Rowan county granite to be used in the construction of the building, for window sills, doors, etc. The granite is to be gotten out and shipped at once. Several thousand brick have already been delivered at the place, and work on the mill will be begun soon. When the work is started it will be pushed to completion though it will, of course, be some time before the building is finished, and then some time before operations will be begun.

CELEBRATE MEMORIAL DAY.

Daughters of The Confederacy Will Honor their Fathers.

The Daughters of the Confederacy met yesterday afternoon at the home of Mrs. R. F. Dalton, on Sycamore street. About fifteen new members were received, and the chapter now has almost, if not quite, one hundred members. The Daughters have decided to celebrate Memorial Day, (May 10) and at the meeting yesterday steps were taken to arrange an appropriate program for the occasion. Though the entire program was not definitely arranged it was decided to have an address, a poem (by Mrs Hendley) read by one of the ladies, music by the orchestra, and, if possible, a male quartette. The crowd will meet at the court house and proceed to Green Hill cemetery and the exercises will be held at the graves of the Confederate soldiers, which will be decorated.

The Chapter of Daughters of the Confederacy here was organized less than a month ago, and the large number of members speaks well for the patriotism of Greensboro's noble women. They have joined eagerly and each one is interested. Being in Guilford county it must be one of the most enthusiastic chapters anywhere.

Col. A. M. Waddell, the Orator.

Colonel Alfred M. Waddell, mayor of Wilmington, will deliver the literary address at the annual commencement of the Greensboro graded schools, May 22nd.

Superintendent Grimsley has made a capital selection, which will give the people of Greensboro a chance to hear one of North Carolina's most gallant and eloquent sons.
